UPCOMING IMPORTANT DATES

September Chapter Meeting.....September 13, 2016
YEA Brewery Tour.....September 16, 2016
Fall RP Golf Tournament.....October 26, 2016

August 2016

Another exciting year of programs and events is about to begin! Our first monthly lunch meeting is coming up on September 13, 2016 at ASHRAE headquarters and we have a special guest! An ASHRAE Society Past President, Distinguished Lecturer and one of our very own in Region IV, Tom Phoenix, will be presenting on the updated ASHRAE Building Energy Quotient (bEQ) Energy Labeling Program. The presentation will include an overview of the bEQ program with an up to date discussion of its primary goals, objectives and procedures. We look forward to hearing about the progress ASHRAE has made and what to expect in the near future.

As we continue to improve building operations and design high efficient buildings, sometimes we forget about the occupants. In the end, we design and operate buildings for people. The new WELL standard, which has gained a lot of momentum in recent years, is helping bring focus to wellness in buildings and putting people front and center. From superior indoor air quality and circadian lighting to water filtration and fitness, WELL is leading the way in occupant wellness. Our goal is to have an exciting panel and technical session in October to help ASHRAE members understand how this new standard will impact their roles in projects to come.

With the end of summer almost here, the Atlanta Chapter has successfully hosted this year's Chapter Regional Conference for Region IV at the Legacy Lodge and Conference Center located at Lanier Islands. Big congratulations to one of our past Chapter Presidents, Brian Justice, for doing an incredible job as CRC Chair and to his team of volunteers! The conference was a great success and praised by visiting Society President Tim Wentz, three of our Society Vice Presidents (Patricia Graef, Ginger Scoggins and Edward Tsu) and Executive Vice President (Jeff Littleton), all of whom were in attendance. It was a great learning experience for our new committee chairs and chapter officers as they set their goals for the year. It is always a pleasure to meet with our regional counter-parts from North and South Carolina, exchange ideas and continue to improve our local chapter. Our chapter came just 1 point short of receiving the coveted Rudy Ferguson Award! A big thank you to last year's Chapter President, John Pruitt and all our volunteers who did a fantastic job. We look forward to his continued involvement in the chapter and helping us towards another successful year. We had a few more awards that will be announced at our next meeting, so stay tuned!

We will be continuing our Fall and Spring golf tournaments this year, both of which have been our top performers in reaching our Research Promotion donation goal. The Fall Golf Tournament is scheduled for Wednesday October 26, 2016 at River Pines, where our last Spring Golf Tournament was hosted. More information on registration coming soon!

I am very excited about our team of volunteers this year and can't wait to finalize our schedule of meetings for the year. We will be having a meeting every month with the exception of December, due to holidays, and April, as we plan on having a Product Show complete with vendor exhibits and technical sessions. As always, feel free to reach out to me directly if you are interested in volunteering for our chapter or have any recommendations for the year. We welcome new volunteers and have several committee positions available, so get signed up!

I look forward to seeing you on Tuesday, September 13th at ASHRAE headquarters for lunch at our first meeting!

Nick Kassanis
Atlanta Chapter President 2016-2017
president@ashraeatlanta.org

September Chapter Meeting Notice

Tuesday, September 13, 2016 at 11.30 am

The Value of ASHRAE's bEQ

This program will present an update and overview of ASHRAE's Building Energy Quotient (bEQ) program. The presentation focuses on bEQ's use, not just as an energy labeling program, but as a powerful tool to identify ways to assess building energy use and improve the building's performance.

September Lunch Meeting

Thomas Phoenix, P.E.

Thomas Phoenix is a Principal with the Architectural/Engineering firm of Moser Mayer Phoenix Associates located in Greensboro, NC, USA. He serves as Vice President and Director of Engineering. He has a B.S. degree in engineering from NC State University. He is a Registered Professional Engineer in North Carolina and six other States and has over 30 years of experience in the design, operation and maintenance of building mechanical systems. Mr. Phoenix is an ASHRAE certified Building Energy Modeling Professional (BEMP) and Building Energy Assessment Professional (BEAP).

Phoenix's design portfolio includes schools, research and testing laboratories, industrial manufacturing facilities and numerous classroom, residence hall and food service projects for colleges and universities. Significant projects in which Phoenix has been involved include the North Carolina Museum of History, the American Airlines Hub (Terminal C) at Raleigh Durham International Airport, the Greensboro Natural Science Center SciQuarium and Animal Discovery exhibit areas, the Atlantic Coast Conference Hall of Champions Exhibit Hall and the Newbridge Bank Baseball Stadium.

Mr. Phoenix has been an active member of ASHRAE since 1982, and was elevated to the grade of Fellow in 2011. He is an ASHRAE Presidential Member, having served as Society President in 2014-15. He previously served terms on ASHRAE's Board of Directors as Society Treasurer, Society Vice President, as a Director at Large, and as Director and Regional Chairman of Region IV. His past ASHRAE activities also include serving as the Chair of ASHRAE's Members Council, and as the Chair of numerous ASHRAE committees and task groups.

September Lunch Meeting Details

Date: Tuesday September 13, 2016 @ 11:30 AM

Speaker: Thomas H Phoenix
Principal, Moser Mayer Phoenix Associates

Location: ASHRAE Headquarters, 1791 Tullie Circle NE, Atlanta, GA 30329

Cost: $10.00 Members / $20.00 Non Members

Lunch would be provided at the meeting.

You MUST RSVP if you plan to attend the meeting. Please email secretary@ashraeatlanta.org. Also, you can prepay and RSVP at http://www.ashraeatlanta.org/Events. This helps the chapter accurately order food from the catering company.

Georgia Sustainability Initiative

As Atlanta's citywide sustainability initiative, Power to Change is the result of the contributions of more than 300 stakeholders across Atlanta, representing their neighborhoods, their schools, their businesses, their community organizations and their government agencies. The input, and ongoing commitments and actions of these individuals and organizations is what will make Power to Change live and breathe, turning goals, targets and initiatives into a better Atlanta.

Power to Change uses this framework to build a solid basis for measurable sustainability action around 10 impact areas, joining leading sustainability cities around the globe using this successful approach.

John Pruitt
Grassroots and Government Activities Chair, Atlanta Chapter

power to change

pact areas

goals	priorities
Improve our regional air quality and foster the improvement of indoor air quality throughout the city.	**Healthy, Breathable Air** Clean commuting Emissions reduction Regional planning Cleaner fuels Green infrastructure
Develop land use policies and programs designed to protect greenspace, sustain our tree canopy, bring brownfields back into productive use, and enhance community livability.	**Smart Growth** Neighborhood revitalization Convenient recreation access Complete communities Robust habitats Cleanup & restoration
Institute sustainable development through participatory planning. To balance growth with environmental stewardship by collaborating with diversified stakeholders and learned experiences.	**Participatory Planning** Parallel collaboration Strategic perspectives Incremental changes Social connectedness Sustainable operations
Provide access to safe, efficient and sustainable transportation choices for Atlantans to reach employment, goods and services, and recreational activities.	**Connectivity** Infrastructure improvements Regional planning Non-motorized transit Safe, easy & convenient travel
Provide educational opportunities for all Atlantans to see how far the community has come as well as demonstrate what work remains in creating a more sustainable Atlanta.	**Communitywide Awareness** Public engagement Information access Open creativity Diversity & inclusion Leveraging resources
Improve business knowledge of resource use while also accelerating job and economic growth to enhance the City of Atlanta's competitive position within the globalized economy.	**Strong Economy** Competitive economy Sustainable products & services Sustainable operations Business creation Business retention
Reduce energy use through conservation, efficiency best practices, and through the deployment of renewable systems.	**Retrofit & Innovate** Energy efficiency Sustainable site design Alternative fuel access Affordable renewable technologies Energy management
Maximize the health and well-being of the community, providing access to affordable sustainable housing choices, nutritious food and efficient transportation.	**Healthy Neighborhoods** Local & healthy food Walkable communities Localized economy Strong, safe neighborhoods Valuable properties
Create environmental and economic value to residents and businesses by using less resources and diverting valuable materials from our landfills.	**Sustainable Resource Use** Rethinking purpose Lifecycle management Waste reduction Reuse of valuables Recycling
Increase watershed protection and preservation practices so that all Atlantans have access to a sufficient supply of clean, healthy water.	**Protect & Conserve** Watershed planning Water security Stormwater management Water quality Water conservation

ewsle by e Chapter ASHRAE members along with all other ASHRAE
d an who has a you need to change in our email list, please notify our Chapter Secretary at
.org

YEA Brewery Night!

- Where: Wild Heaven Brewing
- When: Friday, Sept. 16th
- Who: ANYONE
- Come join fellow ASHRAE members for a fun mixer to get the year kicked off right! We will have an event up on the website shortly to register and pay.
- Email Parker Brunelle (pbrunelle@joepowell.com) or Mark Dahir (mdahir@mingledorffs.com) for more info

Atlanta Chapter Habitat Build

- The Atlanta ASHRAE Chapter will be sponsoring another Habitat Build day this year, since last year was so successful!
- There is a max number of 10 people for the build day, so first come, first served.
- Where: TBD
- When: October/November
- Cost: Free!

YEA Leadership Weekend Scholarship

- YEA Leadership Weekend is an opportunity for the future leaders of ASHRAE to learn more about Society, develop soft skills and network with other young professionals. This event will include segments on understanding your own personality as well as other types, leadership development for young professionals, communication techniques and ASHRAE leadership opportunities. Region IV will cover the enrollment fee and up to $300 travel of the scholarship recipient.
- Criteria: All applicants must be ASHRAE members in good standing under age of 35
- Deadline: All applications must be received by Sept 8th, 2016. Each Chapter may submit multiply candidates
- Program Date/Location: Charlotte, NC from November 4-6, 2016
- YEA members who are not awarded the scholarship are still able to attend. Registration is $400 (which includes accommodations, meals, and all supplies). The registration form and more information can be found at www.ashrae.org/YLW
- Contact Parker Brunelle (pbrunelle@joepowell.com) for more information

Leadership U

- Have you ever wondered what ASHRAE Officers do at the ASHRAE Winter & Annual Conferences? Here is your chance to find out! Through Leadership U (offered by the YEA Institute), a handful of YEA members are selected for each conference to be matched up with Society Officers and participate in all of their events and board meetings, including social activities. Leadership U not only allows you to experience a conference like an Officer, but it is also a great opportunity to network and form connections with those active in ASHRAE.

- If selected to participate in the program, the costs of attending the conference (transportation, lodging and registration) will be covered by ASHRAE Society. Transportation includes the cost of your flight or gas mileage, your hotel room will be covered for a check in on Friday, January 27, 2017 and check out on Thursday, February 2, 2017, and you will be registered for the conference and three social events (Welcome Party, President's Luncheon, Members Night Out). Expenses not covered by the program include baggage fees, parking, taxis/public transportation, and food
- Criteria Applicants must be YEA members (35 or younger)
- Deadline: The deadline for applications in Monday, October 17, 2016.
- Program Date/Location: Las Vegas. Jan 27-Feb 2 2017

ASHRAE Technical Committees

- ASHRAE Technical Committees are not just for design managers! If you are interested in getting involved in a TC committee to learn more about this industry and help shape the future ASHRAE guidelines, they are looking for YEA members
- Please contact Parker Brunelle (pbrunelle@joepowell.com) for more information on how to get involved.

Parker Brunelle
YEA Chair, Atlanta Chapter

Membership Promotion (MP)

August 2016 Edition

Hope you are keeping yourself cool during this wicked heat wave that is Georgia in August.

Now, let's extend a warm welcome to the following new members:

Yiwen Di
Samuel Pena
Thomas Storey
Ashritha Reddy Nookala
Graham Thorsteinson
Leonid Nisanov
Bradley Streit
Malcolm Persaud
Dan McEvoy
Greg Kemp
Dr Achilles N Karagiozis
Ronald Odom
Gavin Hunter
Edward Paul Wuesthoff
Skip Freeman
Lyle Gladney

Members Corner:

HVAC Design Tip: It's true that we have to save energy in everything that we do. But keeping people healthier overrides energy saving. So next time you put a system together don't forget to be sure that your system handles the minimum mandated ventilation and infiltration.

Feel free to send me your tips to be included in future newsletters. After all were here to enjoy, learn, and have fun.

HELP, HELP, HELP

Our Chapter needs volunteers to keep helping you to achieve your goals. We have open positions for Chapter Committee Chairs, Co-Chairs, Assistants and other related tasks. This is a great opportunity to learn for free or show your leadership and management skills which are quite a valuable asset in our market. Those interested can contact our chapter president at president@ashraeatlanta.org

Career Tips!

CRC this year at Lake Lanier Islands, Ga hosted by the Atlanta Chapter was so great. This article will concentrate on Research Promotion.
Our outgoing RVC for Research Promotion, Kathi Newton sent the explanation of each award.

Certificates:

- Goal – matching or exceeding a set Goal
  High Five – setting a new high in dollars raised by the Chapter in the last 5 yrs
  Challenge – matching or exceeding Challenge Goal

Patches & Date Chevrons:

- High Five Award Patch/Chevron – a new high has been set consistently for the past 5 years. The first year a chapter achieves this award, they are given a Patch and all subsequent years will earn a date Chevron.
- Full Circle Patch/Chevron – all officers gave to achieve Full Circle. The first year a chapter achieves this award, they are given a Patch and all subsequent years will earn a date Chevron.
- Endowment Patch/Chevron – a new endowed Foundation gift was set-up or a minimum of $2,500 was given towards a previously existing fund. The first year a chapter achieves this award, they are given a Patch and all subsequent years will earn a date Chevron.
- Scholarship Patch/Chevron – all Chapters who begin or continue to endow their ASHRAE managed Scholarship. The Chapter receives a Patch the first year the scholarship is created and all subsequent years will earn a date Chevron.

Treasury Ribbons:

- Gold Ribbon for $10,000 or larger chapter investment
- Silver Ribbon for $5,000 to $9,999 chapter investment
- Bronze Ribbon for $2,500 to $4,999 chapter investment
- Top Five by Chapter Size:
- Five Categories: Total Dollars Raised, Goal, Challenge, PAOE, and $ per Member

The overall highest percentage winner for each category receives a personalized award
Each category has 4 size levels based on paid members: 0-99, 100-249, 250-499, 500+

- Out of those levels there is the size winner (highest percentage for that size) that receives a gift.
- And each size level has 4 runners-up that also receive a gift

Atlanta and our Research Promotion Chair - Glenn Northrup received the following awards:

- Certificate
- Full Circle Chevron
- Silver Treasury Ribbon
- Size Winner Total Dollars Raised

Congratulations to the Atlanta Chapter and Glenn!

Fall RP Golf Tournament

Wednesday, October 26, 2016

8:30 a.m. shotgun start

River Pines Golf Course, 4775 Old Alabama Road, Alpharetta, GA 30022, Phone: 770-442-5960

Pricing Details Will Be Shared Next Month

ASHRAE Learning Institute

ASHRAE HVAC Design Training

2 Courses, 5 Days of Intense Instruction

Atlanta ● Halifax ● Hong Kong ● Houston

Kuala Lumpur ● Miami ● Minneapolis ● Vancouver

HVAC Design: Level I – Essentials - **Registration is $1,264 ($1,009 ASHRAE Member)**

ASHRAE's HVAC Design: Level I — Essentials provides intensive, practical training for HVAC designers and others involved in the delivery of HVAC services. In three days, gain practical skills and knowledge in designing, installing and maintaining HVAC systems that can be put to immediate use.

Fundamentals
Heating/Cooling Load Calculation
System Selections
HVAC System and Components
Cooling System
Basic Design of Hydronic Systems
Basic Design of Air Systems
Control/BAS

HVAC Design: Level II – Applications –

Registration is $854 ($699 ASHRAE Member)

ASHRAE's HVAC Design: Level II — Applications provides advanced instruction on HVAC system designs for experienced HVAC designers and those who complete the HVAC Design: Level I — Essentials training. In two days, gain an in-depth look into Standards 55, 62.1, 90.1, 189.1 and the Advanced Energy Design Guides. Training will focus on a range of topics including: HVAC equipment and systems, energy modeling, designing a chiller plant, and BAS controls.

- Sustainability / Green/LEED / HPB / NZEB
- Standard 55
- Standard 62.1
- Building Systems: Education Facility
- System Applications: Chiller/Boiler, Air Handlers, VAV Terminals

Visit www.ashrae.org/hvactraining to register.

Scholarships Available - Apply Today!

Through its scholarships, ASHRAE seeks to motivate students and prospective students worldwide to pursue an engineering or technology career in the HVAC&R field. The Society's Scholarship Program also serves the public interest by aiding in the education of men and women to become qualified to practice as engineers in HVAC&R. ASHRAE has 28 scholarships available for the 2015-16 school year, for high school seniors entering college through senior undergraduate engineering students and engineering technology students. ASHRAE is seeking your assistance in making student members aware of this financial assistance.

* 8 regional/chapter and university-specific scholarships — $3,000 to $5,000 each. Now accepting applications!
* 12 undergraduate engineering scholarships — $3,000 to $10,000 each. Now accepting applications!
* 4 high school senior scholarships — $3,000 each
* 4 engineering technology scholarships — $5,000 each

Qualified students are encouraged to apply online:
www.ashrae.org/scholarships

Annual Application Deadlines:

May 1st for Engineering Technology and High School Senior Scholarships

Scholarships are awarded for the academic year following the application deadline beginning with the fall semester. For a list of available scholarships, complete eligibility requirements, and an application, visit www.ashrae.org/scholarships

Are you missing out?

Don't miss out on the latest ASHRAE publications! For more information, visit the Resources and

ASHRAE JOURNAL

Most college science buildings consume a lot of energy. But, the Davis Building at the University of Findlay has a site EUI of only 64 kBtu/ft^2, which is significantly lower than most similar buildings that include labs with many fume hoods. This issue also features articles about when adding more fan power can be a good thing, the future of residential construction and a side-by-side comparison of VAV vs. radiant.

How Do I Join ASHRAE?

1. Visit http://www.ashraeatlanta.org/ to start the process
2. Click "Membership" on the horizontal menu bar
3. On the pull down menu, click "Join"
4. Enter your email address in the box "Verify your E-mail status"
5. A prospective member will then be directed to enter his or her email information. As a new member, your address will not be recognized, and you will be invited to "Register Now".
6. After you complete registration, you will be directed to the Individual Information page where you can finally select "Join ASHRAE"!

Convenient and Useful ASHRAE Links

Again this year, our use of the Internet to further embrace our goal of Modeling a Sustainable World will be continued. Please use the web sites listed below:

1. RSVP and prepay for each event through the Atlanta ASHRAE http://www.ashraeatlanta.org/. For events where meals are served, you must at least RSVP to ensure that there will be a meal for you. We encourage you to prepay, as this will speed your way through the check-in process.
2. Pay your Chapter dues of $40 per year directly to the chapter: http://www.ashraeatlanta.org/Membership. These dues are in addition to your Society dues and help fund the Chapter's programs and outreach.
3. Donate to ASHRAE Research Promotion. We have a fundraising goal of $44,000 this year, so please do what you can to help fund ASHRAE research. Donate here: https://xp20.ashrae.org/secure/researchpromotion/rp.html
4. Join the "ASHRAE Atlanta Chapter" group on LinkedIn at http://www.linkedin.com/.
5. Like the "ASHRAE Atlanta Chapter" page on FaceBook at: **https://www.facebook.com/ASHRAEAtlanta/**
6. Access the Product Directory online at the Atlanta ASHRAE website. Please note that this feature is in the process of being updated.

2015-2016 Chapter Officers

Megan Tosh – Vice President

vicepresident@ashraeatlanta.org

Megan is currently a Software Support Engineer at Integrated Environmental Solutions (IES). She provides software training and technical support to users throughout North America. Megan completed her Bachelors and Masters of Mechanical Engineering at the University of Central Florida, where she joined ASHRAE as a Student Member. She has been volunteering with ASHRAE since, previously serving in several chapter chair positions, as President of the Central Florida Chapter, as YRC in Region XII, and as Chair of Young Engineers in ASHRAE. In addition to being your Treasurer, Megan is currently the RVC for Student Activities in Region IV.

Sarah Young – Treasurer

treasurer@ashraeatlanta.org

Sarah is currently a Mechanical Engineer Consultant at DLB Associates where she is part of the design, commissioning and MSI teams. Sarah is a graduate of Grove City College with a Bachelor of Science in Mechanical Engineering. She has been volunteering with ASHRAE for several years, and was the YEA Chair (2 years) and CTTC (Programs) Chair (1 year).

Irvin Sierra – Secretary
